Email : kevinallbooks gmail. British hardened field defences of World War II were small fortified structures constructed as a part of British anti-invasion preparations. Its defining characteristic is a central concrete pedestal with a stainless steel top. It varies from that type by having Bren embrasures in the three front faces and the entrance at the rear rather than one side, covered by a very thick blast wall. Pillboxes UK. The checked area represents additional sandbag protection. Now there are more
