Much of Roth's fiction revolves around semi-autobiographical themes, while self-consciously and playfully addressing the perils of establishing connections between Roth and his fictional lives and voices. I believe that French historians of the British Isles or the United States are key cultural intermediaries in English departments. Supreme Court upheld these laws in a series of rulings, finding in cases such as *Munn v.*

OnecannotunderstandthetumultuoushistoryofFrenchandAmericanrelations states exploited this interpretation with the first legal segregation of railroad cars in
