Again, though, your body can fight off a small dose of this and still likely be fine. Now I'll never look at the toilet the way I used to.

This is hilarious and informative. Dogs often hydrate themselves in the toilet.

This is one issue that divides the human race right down the middle. I'm so glad to hear this Romano Arnesto!

Gotta laugh at those who think 'their' germs are safe. How this etiquette actually drives benefits in lifestyle? So, no matter what, there are situations where you, as a man, are going to have to flick the toilet seat up with your hand, exposing yourself and thus, the household to germs from the seat.
