The process we each go through when grieving and hurting is so truly unique and personal. An end-of-project event will take place in May at The Work Foundation in London when government officials involved in cancer and end of life care strategy, senior NHS officials and policymakers will be invited to hear and respond to the project findings.

With glowing red eyes and vibrating energy this beast seem to bring something. A difficult read which leaves the questions about life and death hanging in the ether. Yet because of the language used and the associated stigma, patients and doctors are fearful of mentioning palliative care, much less to introduce it early. Using a unique, tried and tested algorithm, this book teaches you how to quicken Affairs. Join the discussion.
