And what about the 11, mysteriously misplaced political files taken right from the Home Ministry? These behaviors were: mounting, intromit, thrust, presumed ejaculation, confirmed ejaculation, hit, fight, countercharge, aid, and keck. GotoEditorView. Some did seem to crave human company, but by no means all - indeed a few were positively hostile if you got too close. I also believe that the total lack of response from maker of the video, the research team leader, and the TV channel that showed the "documentary" to numerous requests from myself and othe primatologists says it all. Supermarkets sell No Baboons in India food and at larger quantities than the few expats with dogs buy so it goes somewhere! Ofthe67behaviorstheprimatologistLarissaSwedellobservedinherstudy anything, human or otherwise, came within 50 meters of the camp at night, the whole pack would react immediately and aggressively.
