The determination of Po in urine. This fact shows that the actions for mitigation of radon are viable and do not require major modifications to the usual systems of construction. A mathematical model fitting the experimental data was developed to describe the metabolism of systemic Po.

The book is generally quite readable, no small achievement considering the... This paper will first provide an overview of the socio-cultural context of Iran at the time of Naser al-Din Shah. Moreover, they are not included in the Bibliography on self-translation edited recently by Eva Gentes Gentes. He sought to be meticulous in his book-keeping and reports and sensitive to... paradoxically, it is their very multidimensional nature that makes studying them so challenging and promising at the same time.
