This volume brings together the world's most seasoned Arctic political-military experts from Europe and North America to analyze how Arctic nations are adapting their security postures to accommodate increased shipping, expanding naval presence, and energy and mineral development in the polar region. Books by James Kraska. Arctic geopolitics revisited: spatialising governance in the circumpolar North. RobertHutton.Unpredictabilityintermsofconsequences. Ben Hawkins added it Nov 08, We must address it through effective implementation of the Paris Agreement, and systematically stricter climate policies, but also through precautionary policies to minimize climate related security risks in fragile regions.
