A leader concerned only with the bottom line in an organization built on the importance of human values may undermine the purpose of its work. In order to attract this wide variety of cultures, organizations must truly become multi-culture themselves. The combination of the leader's and organization's conception of leadership and the leader's way of leading does much to define leadership style.

Charismatic leaders are individuals whose personality and communication skills inspire others to follow. In simplest terms, I lead this organization by paying you and telling you what you need to do; you respond by doing what you need to do efficiently and well, and the organization will prosper. The team is based in a primary care clinic serving disadvantaged patients with complex health care needs. Terms of Use Privacy Policy.

Sharing: Status updates can be either exported to files and printed or sent to this end, the Campaign should encourage nurses to serve in executive and leadership positions in government, for-profit and nonprofit organizations, health care delivery systems e.
